Hi Duane –

Thank you for the use of the DataRAMs they're working great. We are having trouble with one of the region 9 DataRAMs however.

Do you have two more DataRAMs that you could loan me for this site? If so, please ship to the same address as below.

Please give me a call if any questions.

Thank you very much,

The site name is the Fruitland Magnesium Fire Site, SSID A9AP.

Please ship to our Signal Hill warehouse:
